AMATEUR MODEL COMPETITION! WIN A CARIBBEAN CRUISE!

Beverley

PHOTOGRAPHED BY RAPHAEL

Beverley likes to take her clothes off, as a model and as a stripper. With a slim, trim figure like that, it's easy to see why. She's very proud of her body and gets withdrawal symptoms if she's away from the gym for more than a few days. Lucky gym! She's into body-building, you see — or pumping iron if you prefer. The Editor told her he was into pumping tungsten. She said she didn't like small pricks. He said, no I mean playing Darts. She said she knew what he meant and she still didn't like small pricks.

So anyway. we oiled her all over and put her on the cover — but she slipped off. (That was a joke) We were hoping to shoot her in a body-building set. but those miserable bastards on Fiesta got in first and pinched the idea. So you'll have to be content with the cover shot until Fiesta pulls its collective finger out. (Did I mean to say that?)

Krista

PHOTOGRAPHED BY JAN SVENSSON

There are these three Swedish photographers who occasionally share the same studio. And in that studio is a set of blinds which, over the years, have done sterling service as a backdrop. The Editor has noticed this fact. "It's those fucking blinds again," he rants. "I hate those fucking blinds!" But look at the girl, we soothe, isn't she lovely? Luckily for you lot, we prevail. Krista is therefore able to make an appearance before you, all 5'6" and 35-24-36 of her. An 18-year-old Dental Student, by all accounts. She can attack my plaque anytime she likes. "True enough," states the Editor, "but I *still* hate those fucking blinds."

This girl did it — so could you. If you think you could make it as one of our Amateur Models, fill in the form on page 88 and send it in with those rude-nude pictures of yourself — polaroids will do. We're waiting, girls!

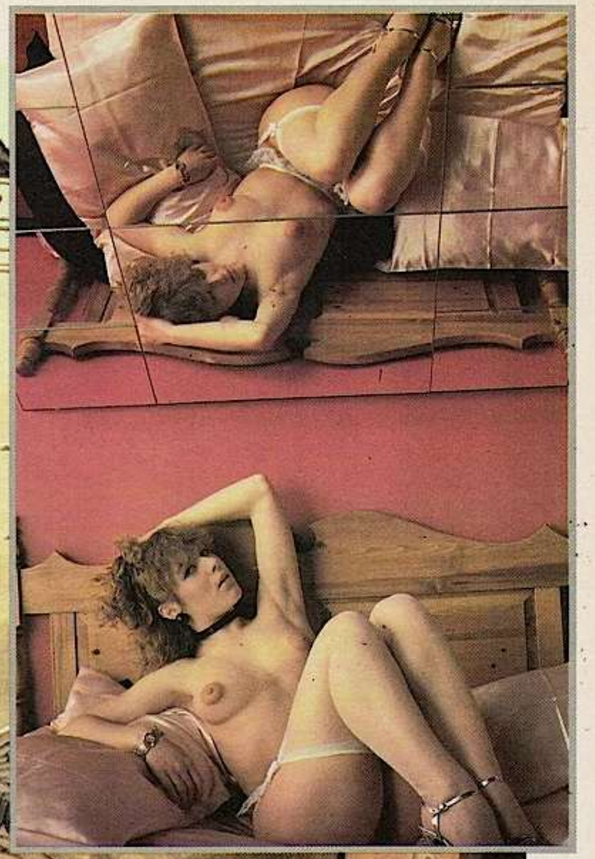
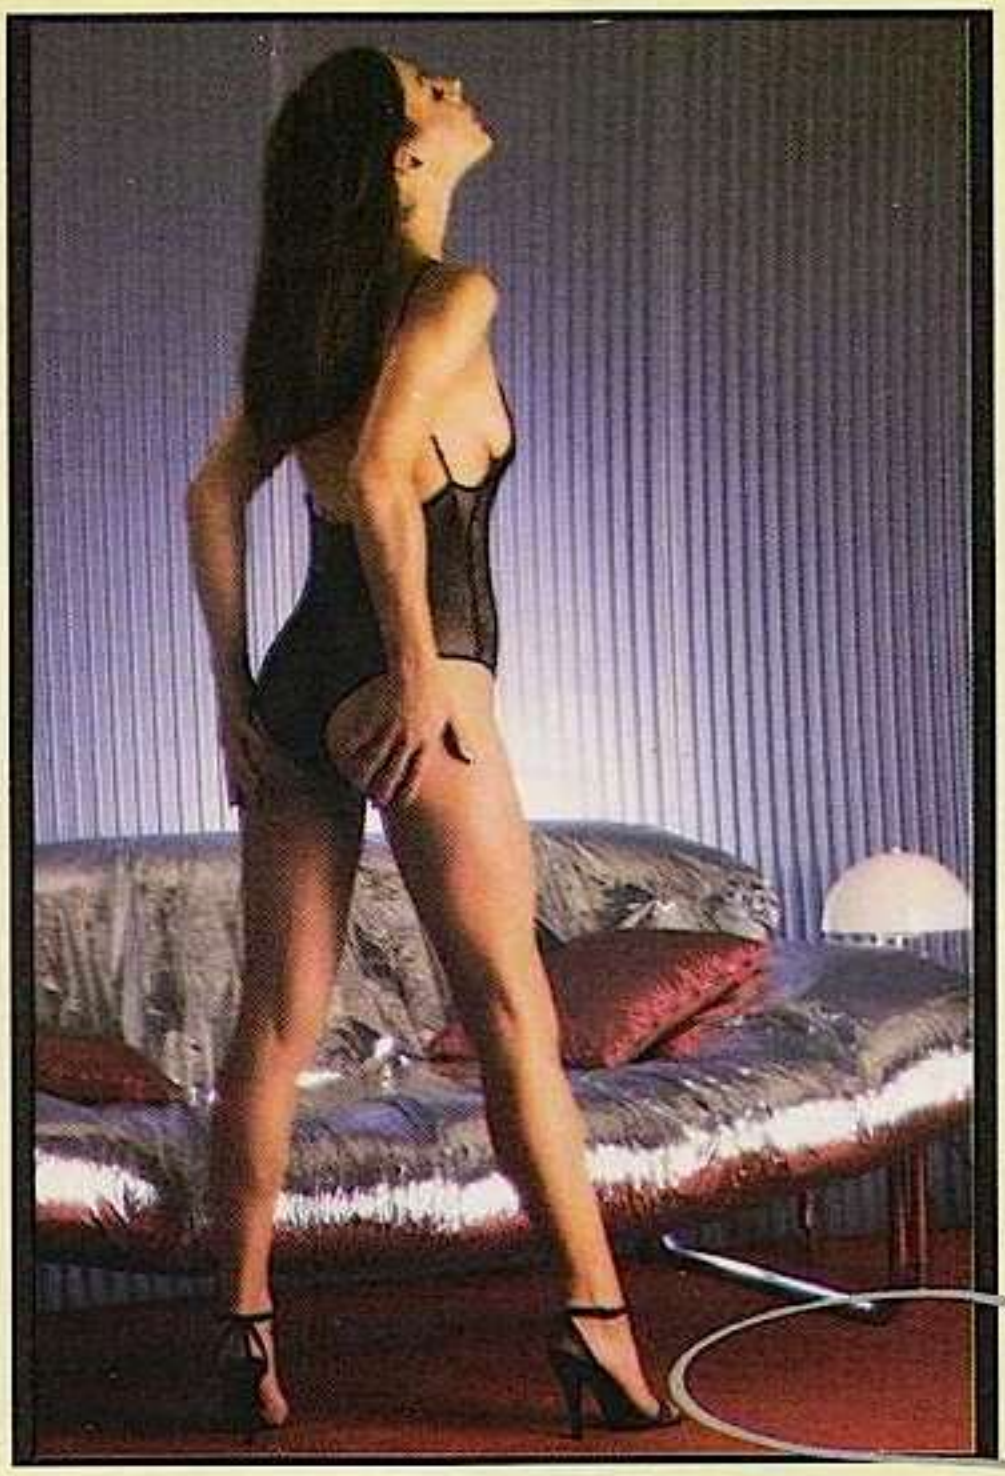
Samantha Whitecross

Great Glamour Clichés Revisited, Part IV. In fact we've actually got two clichés in this set: the one where the model on the studio set plays with the photographic equipment *and* pictures of a girl looking at herself in a mirror. Bet you're impressed, huh? Well it's not easy thinking up new ideas so you'll just have to put up with our artistic maunderings while you concentrate on Samantha.



She's eighteen years old — and what a little sweetheart! I've lost my bit of paper with her measurements on, so you'll have to wait until we shoot her again — you would like us to shoot her again, wouldn't you? Fine. Oh, and she said to tell you she comes from the Leicester area and does kissograms — though with a few more clothes on than this. So stand by the clock tower, shut your eyes, pucker up and wait for a few years — you could get lucky.



Suki

First of all, grovelling apologies to David for hanging on to Suki for so long before publishing her. But then he's been holding on to her himself for a while and . . . no, perhaps we'd better not explore that theme. We did pay him in the end and it's all the Editor's fault anyway! (No it's not!) Yes it is! (No it's not!) Yes it is! (You're fired!) No it's not!

Where was I? Ah yes, Suki is 19 years old, 5' 1" tall and 34-22-34. She's a graduate of a fashion college where she did an advanced course in crochet, specialising in a form of the art invented by that great Victorian, Sir Rudigore Knowett. So she's an expert on Knowett's Knot. (Yes it is!) Knowett's Knot (Yes it is!) I'm fired. (Yes you are!)

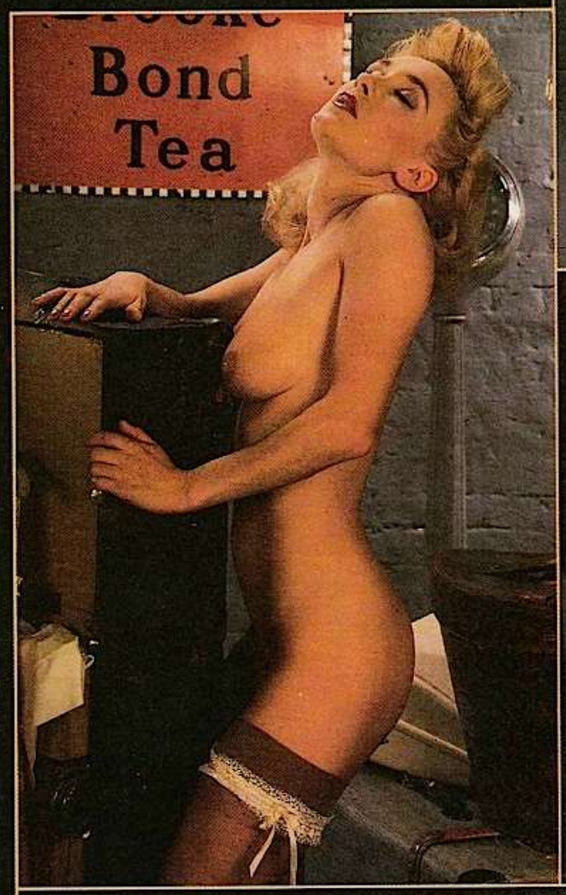
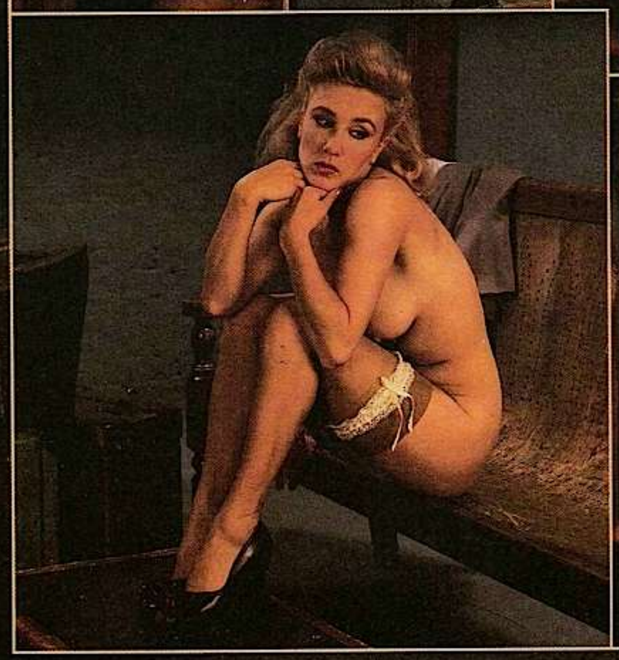
Here is Vera, waiting at Tuxedo Junction for the Chattanooga Choo Choo. Alas, even during the golden age of steam, the trains were occasionally late. So even though she's In The Mood, it looks as though she'll be late for her date with that lovely American Airman. You know, the one with the nice line in nylon stockings and lewd suggestions.





In fact, so overcome with lustful thoughts is our Vera (well, this is Knave after all), she decided to get undressed there and then. Thinking, all the while, of Buck (or was it Chuck?). Such a sweet man, except perhaps for his appallingly tasteless jokes about Little Brown Jugs . . . It's enough to make Glenn Miller turn in his grave.

(Shipping Forecast: A small whirlpool is expected somewhere in the English Channel.)
